

## **407 – Crooke Village Green Damage – 24 February 2021**

Damage to the Crooke Road verge of Crooke Village Green was originally reported to the Policy & General Purposes Committee earlier this month. Following that, two of the South ward members agreed to join the February CVRA meeting to discuss the best way forward.

In the end Cllr Jess Higham joined the CVRA meeting and Cllr John Whiteley visited the site on a couple of occasions and met with one of the residents who had raised concerns about the damage to the verge on site. Below are some photographs of the damaged verge:

Cllr John Whiteley will provide a further verbal report based on his meeting with the resident.
