4. Risk Assessment Review

The Council's H&S risk assessments with regard to its property and its activities were reviewed. The Committee were of the view that no changes were needed.

Following a short discussion it was noted that most Parish Council property currently located at Crooke Village was not at risk from flooding events, with the possible exception of one litter bin. However, residents of Crooke Village would be happy for the Parish Council to follow through on the Policy & General Purposes Committee's recommendation that an enquiry be sent to the LA about their flood management strategy for the village.

Resolved: The Committee recommended that the H&S risk assessments be approved.
