

## Appendix A

### **District Councillors' Report to Parish Council 28<sup>th</sup> June 2018**

#### **Re-surfacing of the Z-Bends**

The re-surfacing had originally been scheduled for Sunday, 17 June, but Crooke Hall Inn had raised concerns about the negative impact that this would have on their Fathers' Day business. In view of this the work had been re-scheduled and was carried out on 24 June.

#### **Surgeries & Shevington Fete**

Because of the Fete, Dist Cllrs P Collins and M Whittam would not be holding a surgery in Shevington Library on Saturday, 30 June, but would be available for consultation at the Fete. They would be accompanied by representatives of Ring & Ride and Digital Learning, because they were currently promoting both initiatives. Wigan Council's 'The Deal' would also be bringing several stalls that would be in place at Highfield Avenue.

#### **Defibrillator Awareness**

A defibrillator awareness session had been arranged and would be taking place at Shevington Methodist Church at 7pm on Tuesday of the following week.

#### **Potholes**

The potholes on the mini-roundabout at the junction of Gathurst Lane with New Miles Lane were to be repaired during the coming week.

#### **Treeworks at Gathurst Lane**

The Trees & Woodlands Officer had informed Taylor Wimpey and their consultants and contractors that only the bare minimum of pruning was to be carried out and that, in future, he was to be given five days' notice of any proposed work.
