

Appendix B

Shevington Parish Council Vice Chairman's Report to the Annual Parish Meeting 11 March 2020

Due to the incapacity of the chairman I would like to give a short report. I would like to welcome all to this our Annual Parish Meeting.

This year has seen the opening of the Vicarage Lane project, which I feel will be an asset for our allotment community - likewise for the more sporting amongst us. Many thanks to all involved.

We have also had an influx of new parish councillors - it has been a pleasure to work with them. We have a Facebook page thanks to Victoria and Jessica.

A bid has been submitted for funding for essential work to our Memorial Park. This work is the priority for the Parish Council.

I would also like to thank our Chairman, Ira, who has at last got a Parish Council who are now singing off the same hymn sheet and working hard for their parishioners. For too long she has had to work with a split council which wasn't easy.

Our 'in Bloom' groups continue to work hard - supported by the Parish Council. We may soon have another group in Shevington Moor. These volunteers make our Parish a pleasure to live in.
